## OBJECTIVE

---

Results-driven Computer Science student (B.Tech, 9.0 CGPA) skilled in Java, MERN stack, MySQL, and MongoDB, with strong problem-solving and leadership abilities. Passionate about building scalable, real-world applications and contributing to impactful projects through efficient, clean code.

## EXPERIENCE

---

### MERN Stack Intern — Emertxe Information Technologies (Cohort 4)

Sept 2025 – Nov 2025 | Remote

- Undergoing hands-on training and project development in MongoDB, Express.js, React.js, and Node.js.
- Learning and implementing RESTful APIs, authentication, and full-stack application development.
- Collaborating with peers on real-time projects to strengthen full-stack development and deployment skills.

## SKILLS

---

- *Front-End:* ReactJS, Redux, Tailwind CSS, Bootstrap, HTML, CSS, Context API, NextJS
- *Back-End:* ExpressJS, NodeJS, REST API, Jest, JWT
- *Databases:* MySQL, MongoDB
- *Tools:* Git, GitHub, VS Code, Eclipse, Postman, Thunder Client, Docker, GitHub Action(CI/CD Pipelining)
- *Programming Languages:* Java, JavaScript, Python
- *Software Testing :* Unit Testing, Integration Testing

## PROJECTS

---

### Voice For Voiceless | MERN Stack (Ongoing)

- Building a real-time animal rescue platform with government collaboration.
- Implementing live updates and secure user interaction modules.

### Sabka Video Call | MERN + WebRTC (Nov 2024 – Feb 2025)

- Engineered a real-time video conferencing app using WebRTC.
- Enabled multi-user calls with stable performance across devices.
- GitHub: <https://github.com/SHAakti04/Sabka-Video-Call.git>

### RoamPulse | Node.js, Express, MongoDB (July – Aug 2024)

- Developed a dynamic travel listing platform for users and owners.
- Implemented authentication, flash messaging, and Cloudinary image uploads.
- GitHub: <https://github.com/SHAakti04/MajorProject.git>

## CERTIFICATIONS

---

DSA with Java – Apna College | Full Stack Development – Apna College | Programming in Java – NPTEL | DSA using Java (Silver Badge) – NPTEL | Generative AI & Prompt Engineering – SkillUp

## ACHIEVEMENTS

---

- **Winner, Recruit Rush (Recruitment Process)** – National Level Techtrix 2025
- **Winner, Code Hack Competition** – National Level Techtrix 2025

## ADDITIONAL INFORMATION

---

- Solved 100+ DSA problems on LeetCode.
- Familiar with AI tools: ChatGPT, Copilot, Perplexity, Leonardo AI, Gamma.
- Recognized for problem-solving, leadership, and adaptability in team projects.

## EDUCATION

---

Rashtrasant Tukdoji Maharaj University, Nagpur — B.Tech in Computer Science

Expected Graduation: May 2026 | CGPA: 9.0 (till 6th Sem)
